

P1 • Experiences of family caregivers involved in the Namaste Care Family program: a qualitative study

Petra EM Tasserion-Dries, MSc (1,2)- (1)Leiden University Medical Center, department of Public Health and Primary Care, Leiden, the Netherlands)- (2)Stichting Warande (nursing home), Zeist, (the Netherlands) - Hanneke JA Smaling, PhD (1) Sarah MMM Doncker, MSc (3) Prof. Wilco P Achterberg, MD, PhD (1) - Jenny T van der Steen, PhD (1)- (1)Leiden University Medical Center Department of Public Health and Primary Care, Leiden, the Netherlands-(3) Amsterdam UMC VU University Medical Center Department of Public and Occupational Health, Amsterdam, (the Netherlands)

P2 • Ensuring good mouth care for residents in long-term care: Working in partnership to embed science and sustainable solutions in everyday practices

A Griffiths, Leeds Beckett University, Centre for Dementia Research, Portland Way, Leeds West Yorkshire (UK) - Biddy Cheetham - Westward Care, Leeds, UK
Lisa Heaton - Westware Care, Leeds, UK, Reena Devi - School of Healthcare, University of Leeds, Leeds, UK, 4. Karen Spilsbury - School of Healthcare, University of Leeds, Leeds, UK, Carl Thompson - School of Healthcare, University of Leeds, Leeds, (UK)

P3 • How does management and leadership style influence the implementation of evidence in long-term residential care? A systematic scoping review

Jo Day, PhD (1), Krystal Warmoth, PhD (2), Naomi Shaw BSc MA (2), Charlotte Hewlett BA, MA (1), & Iain Lang, PhD (1) - (1) PenARC, Institute for Health Research, University of Exeter Medical School, Exeter, UK (2) Institute for Health Research, University of Exeter Medical School, Exeter, (UK)

P4 • Validity and reliability of the PAIC pain observational scale in patients with aphasia

N.J. de Vries, MA (1,2), J.M. Pater (1), J.T. van der Steen, PhD (1), W.P. Achterberg, MD, PhD (1), H.J.A. Smaling, PhD (1) - LUMC, Leiden (The Netherlands)

P5 • Sustaining Health Care Innovations In Care Homes: The SUSTAIN Study

Reena Devi, School of Healthcare, University of Leeds, Leeds, (UK) - Atena Barat (1), Jay Banerjee (2), Tom Denning1, John Gladman (1), Adam Gordon (1), Graham Martin (3). (1) University of Nottingham, Nottingham, UK, (2) Dept. of Health Sciences, University of Leicester, Leicester, UK (3) The Healthcare Improvement Studies Institute, University of Cambridge, Cambridge, (UK)

P6 • Reflections and Ripples- Supporting Nursing Home Staff to Celebrate and Share Everyday Learning

E Roddy (1), T MacBride(1), A Jack-Waugh(1), B Dewar (2), (1)University of the West of Scotland (UK), (2)Wee Culture, (UK)

P7 • Creating Community in Nursing Homes- Clues and Cues from the Kinnections Study

E Roddy (1), A Jack-Waugh(1), B Dewar (2), (1)University of the West of Scotland (UK), (2)Wee Culture, (UK)

P8 • Effects of discontinuation of levothyroxine treatment in older adults: a self-controlled study, the RELEASE study

Janneke Ravensberg, MD, Robert Du Puy, MD; Wilco Achterberg, MD, PhD, Jacobijn Gussekloo, MD, PhD Rosalinde Poortvliet MD, PhD, Department of Public Health and Primary Care, Leiden University Medical Center, Leiden, (the Netherlands)

P9 • The relationship between involvement of family carers and volunteers in care homes and the quality of life of people with dementia

M Prins, Janne van Erp, Egbert Hartstra, Henriëtte van der Roest, Astrid van der Schot - Netherlands Institute of Mental Health and Addiction (Trimbos-institute), Utrecht (the Netherlands)

P10 • Discovering staffing issues and experimenting with staffing levels in Dutch nursing homes

M Prins, (1) Janne van Erp (1), Ceciel Heijkants (1), Erica de Vries (2), Ramona Backhaus (2), Sil Aarts (2), Hilde Verbeek (2), Astrid van der Schot (1) - (1) Netherlands Institute of Mental Health and Addiction (Trimbos-institute), Department on Aging, Utrecht (the Netherlands) (2) Maastricht University, Faculty of Health Medicine and Life Sciences, CAPHRI, Department of Health Services Research, (the Netherlands)

P11 • Discovering staffing issues and experimenting with staffing levels in Dutch nursing homes

Mandy Visser, PhD (1), Gail Kenning, PhD (2,3), Deborah Parker, PhD (4) - (1) Public Health and Primary Care, Leiden University Medical Center, Leiden, The Netherlands (2) Ageing Futures Institute, University of New South Wales, Sydney, Australia - (3) Faculty of Arts and Social Sciences, University of Technology Sydney, Sydney, Australia - (4) Faculty of Health, University of Technology Sydney, Sydney, (Australia)

P12 • How linking pins bridge the gap science-practice in academic collaborative centers for long-term care for older adults

M. van Kordelaar, MSc., A. Persoon, Universitair Kennisnetwerk Ouderenzorg Nijmegen (UKON), Radboudumc M. Janssen, L. van Boekel, A. Stoop MSc, Tranzo Academische Werkplaats Ouderen, Tilburg University J. Urlings PhD, dr. H. Verbeek, Academische Werkplaats Ouderenzorg Zuid-Limburg, Maastricht University (the Netherlands)

P13 • The effect of freedom on movement and mobility on quality of life, behaviour, mood and functional status for persons with severe dementia living in a long-term care facility

C Helder, Rudi Dierckx, specialist ouderengeneeskunde, CEO, tanteLouise, Bergen op Zoom, (the Netherlands)

P14 • Perceptions of frailty among elderly people: A qualitative study in Japan and Thailand

Yumi Kimura, Ph.D. Graduate School of Human Sciences, Osaka University (Japan) Yasuko Ishimoto, Ph.D. Department of Health and Sports Science, Kawasaki University of Medical Welfare Kwanchit Sasiwongsaorj, Ph.D. Research Institute for Languages and Cultures of Asia, Mahidol University Yoriko Kasahara, MPH. Department of Nursing, Kyorin University (Japan)

P15 • Feasibility/pilot cluster randomised controlled trial of use of NEWS2 scores in care homes

J Adamson, (1) Barbara Hanratty (2), Rachel Stocker (2), Sian Russell (2), David Torgerson (1), Robert Barker (2), Joanne Gray (3), Catherine Hewitt (1) - (1) University of York (UK), (2) Newcastle University (UK), (3) Northumbria University (UK)

P16 • Quality improvement in long term care settings: a scoping review of strategies used in care homes

Reena Devi, PhD (1), Neil Chadborn PhD MPH (2), Kathryn Hinsliff-Smith PhD (3), Jay Banerjee MBBS MSc FRCS FRCM (4), Adam Gordon PhD MBChB MMedSci(ClinEd) FRCP (2) - (1)School of Healthcare, University of Leeds, Leeds, UK, (2)School of Medicine, University of Nottingham, Nottingham, UK, (3)Faculty of Health and Life Sciences, De Montfort University, Leicester, UK (4)Department of Health Sciences, University of Leicester, Leicester, (UK)

P17 • Conducting ethnography in care homes with people with dementia- a critical literature of the challenges, practicalities and opportunities for understanding life in the care home

Anna Cronin de Chavez, Kirsty Haunch, Karen Spilsbury - University of Leeds, School of Healthcare, Baines Wing, Leeds (UK)

P18 • A realist review to explain staffing that promotes quality for older people in care homes: a behavioural perspective

Kirsty Haunch, Carl Thompson, Anna Cronin de Chavez, Cornell Jackson, Karen Spilsbury, University of Leeds (UK)

P19 • Do researchers and practitioners evaluate the quality of the environment in nursing homes differently? A comparison of environmental audits in German nursing homes

Anne Bleckmann, MSc (1,2), Rebecca Palm, PhD (1,2), Bernhard Holle Dr. rer. medic (1,2) (1)German Centre for Neurodegenerative Diseases, Site Witten (2) Witten/Herdecke University, Faculty of Health, Department for Nursing Science (Germany)

P20 • The association between subjective symptom of dysphagia and CGA items among nursing home residents in Japan: a cross-sectional study

Yasuko Ishimoto, PHN, PhD (1), Taizo Wada, MD, PhD (2), Yumi Kimura, PhD (3), Kasahara Yoriko, RN, MPH (4), Takahiko Nakamoto (5), Emiko Kato, MD (6), Mai Tatsuno, MD (6), Mayumi Hirotsuki PhD (2), Michiko Fujisawa, MD, PhD (2), Kozo Matsubayashi MD, PhD (2), Ryota Sakamoto MD, PhD (2) (1). Department of Health and Sports Science, Faculty of Health Science and Technology, Kawasaki University of Medical Welfare, Kurashiki, Japan (2). Center for Southeast Asian Studies, Kyoto University, Kyoto, Japan (3) Graduate School of Human Sciences, Osaka University, Osaka, Japan (4). Department of Nursing, Faculty of Health Sciences, Kyorin University, Tokyo, Japan (5) Life in Kyoto, Kyoto, Japan (6) Department of Field Medicine, Graduate School of Medicine and Faculty of Medicine, Kyoto University, Kyoto, (Japan)

P21 • Development of a quality of meals and meal service set of indicators for residential facilities for elderly

Bianca Buijck, PhD(1,2), Nele Van Damme PhD (3), Ann Van Hecke PHD (3), Sophie Verhaeghe PhD (3), Edwig Goossens (4), Dimitri Beeckman PhD (3) (1) Rotterdam Stroke Service, Rotterdam, (The Netherlands) (2) Erasmus MC University Medical Centre, Department of neurology, Rotterdam, (The Netherlands) (3) University Centre for Nursing and Midwifery - Department of Public Health, Ghent University, Ghent, (Belgium) (4). Center for Gastrology - Leuven, (Belgium)

P22 • How do bereaved loved ones experience collaboration in palliative dementia care?

C Khemai, (1), Meijers JMM (2), Mujezinovic I (1), Bolt S.R (1), Pieters S (3), Moser A (4), Schols J.M.G.A(1), Schols J.M.G.A(1) - (1) Department of Health Services Research, CAPHRI School for Public Health and Primary Care, Faculty of Health Medicine and Lifesciences, Maastricht University, Duboisdomein 30, 6229 GT, Maastricht, (the Netherlands) (2) Maastricht University, Duboisdomein 30, 6229 GT, Maastricht, the Netherlands; Zuyderland Care, Zuyderland Medical Center, Dr. H. van der Hoffplein, the Netherlands, (3) Zuyd University of Applied Sciences, Nieuw Eyckholt 300, 6419 DJ Heerlen, the Netherlands (4) Zuyd University of Applied Sciences, Nieuw Eyckholt 300, 6419 DJ Heerlen, the Netherlands

P23 • Public and Patient Involvement and Engagement: Meaningful collaboration for the 'Developing research resources And minimum data set for Care Homes' Adoption and use: The DACHA Study

Anne Killett, University of East Anglia (UK), Sue Fortescue, PPI DACHA team, Julienne Meyer, City, University of London Claire Goodman, University of Hertfordshire (UK)

P24 • This Study Considers the Effect of Group Reminiscence on the Elderly People with Dementia in Nursing Home

Atsushi Ushida, Hisayuki Shimoyama, Doho University (Japan)

P25 • The influence of a personalised music intervention on apathy in people with dementia living in Nursing Homes; an exploratory study

C. van der Eng, (1), L. van Dusseldorp (1) A. Vink (2), A. Jaschke (2) - (1) Atlant (elderly care), Beekbergen, (The Netherlands) (2) Master of Music therapy, ArtEZ University of the arts, Enschede, (The Netherlands)

P26 • The relationship between executive dysfunction and neuropsychiatric symptoms in patients with Korsakoff's syndrome: a cross-sectional study

Wiltine G. Moerman, van den Brink (1,2), Loes van Aken (3), Els M. L. Verschuur (4) Serge J. W. Walvoort (5), Yvonne C. M. Rensen (5), Jos I. M. Egger (2,3,5,6), Roy P. C. Kessels (2,5,7) - (1) Atlant Korsakoff Centre of expertise, Beekbergen, the Netherlands (2) Donders Institute for Brain, Cognition and Behaviour, Radboud University, Nijmegen, the Netherlands (3) Centre of Excellence for Neuropsychiatry, Vincent van Gogh Institute for Psychiatry, Venray, the Netherlands (4) School of Health Studies, HAN University of Applied Sciences, Nijmegen, the Netherlands (5) Centre of Excellence for Korsakoff and Alcohol-Related Cognitive Disorders, Vincent van Gogh Institute for Psychiatry, Venray, the Netherlands (6) Stevig Specialized and Forensic Care for People with Intellectual Disabilities, Dichterbij, Oostrum, the Netherlands (7) Department of Medical Psychology, Radboud University Medical Center, Nijmegen, (The Netherlands)

P27 • Seeking Answers for Care Home Clinical Uncertainties: Gathering, Organising and Prioritising Care Home Uncertainties; SEARCH-U study

Reena Devi, (1), Anna Cronin de Chavez (1), Alys Griffiths (2), Kirsty Haunch (1), Amy Hunter (1), Karen Spilsbury (1), Carl Thompson (1) - (1)School of Healthcare, University of Leeds, Leeds, UK - (2) School of Health & Community Studies, Leeds Beckett University, Leeds, (UK)

P28 • Piloting a preference tool in different care settings in Germany - descriptive results

Tobias Ingo Stacke, Johannes Michael Bergmann, MScN, Armin Michael Ströbel, PhD, Daniel Purwins, MA, Mike Rommerskirch, RN, BSc, can. MSc, Christina Manietta, MSc, Martina Roes, PhD - German Center for Neurodegenerative Diseases (DZNE), Site Witten, Germany; University of Witten/Herdecke, Faculty of Health, Witten, Department of Nursing Science, (Germany)

P29 • Palliative care in nursing homes: a Delphi method to implement core values

Jean-Claude Leners, *hospice and nursing home care; Ettelbruck, (Luxembourg)*

P30 • Consensus on the definition of gerontopsychiatry in Dutch nursing homes, a Delphi study

Henriëtte Van der Roest, *Marjolein Veerbeek, Elsemieke van Belzen, Janne van Erp, Henriëtte Van der Roest, Trimbos Institute, Utrecht (The Netherlands)*

P31 • Male gender, hospitalization and frailty are associated with poor functional capacity after two years of follow-up in care homes residents

Paula Schmidt Azevedo, MD, PhD (1); Antonio Rodrigues B. da Fonseca (2); Mariana Gegenheimer Bremenkamp, MD (3); Vania F. de Sá Mayoral MD, PhD(3) Adriana Polachini do Valle, MD, PhD (4), Paulo J.F. Villas-Boas, MD, PhD(5),(1) Associate Professor, Internal Medicine Department, Botucatu School of Medicine, São Paulo State University-UNESP. Fellowship from "Coordenação de Aperfeiçoamento de Pessoal de Nível Superior - Brasil (CAPES) -CAPES-print-UNESP. (2) Undergraduate Student of Botucatu School of Medicine, São Paulo State University-UNESP (3) Geriatric Discipline, Internal Medicine Department, Botucatu School of Medicine, São Paulo State University-UNESP (4) Associate Professor, Clinical Pathology, Internal Medicine Department, Botucatu School of Medicine, São Paulo State University-UNESP (5) Associate Professor, Geriatric Discipline, Internal Medicine Department, Botucatu School of Medicine, São Paulo State University-UNESP (Brazil)

P32 • Developing a RAI-MDS behaviour-based pain scale for nursing home residents with advanced dementia

Jennifer A. Knopp-Sihota, PhD (1), Matthias Hoben, PhD (2), Jeff W. Poss, PhD (3), Carole Estabrooks, PhD (2) - (1) Faculty of Health Disciplines, Athabasca University, Edmonton, Alberta, Canada(2) Faculty of Nursing, University of Alberta, Edmonton, Alberta, Canada (3) University of Waterloo, Waterloo, Ontario, (Canada)

P33 • Discontinuation of Antihypertensive Treatment in Older people with dementia living in a Nursing home (DANTON): design of a randomized controlled trial

Rosalinde K.E. Poortvliet, MD, PhD, *Department of Public Health and Primary Care, Leiden University Medical Center, Leiden, (The Netherlands)*

P34 • Natural course of neuropsychiatric symptoms in nursing home patients with mental-physical multimorbidity in the first eight months after admission: a longitudinal cohort study

Anne M.A. van den Brink, MD, PhD (1,2), Debby L. Gerritsen, PhD (1) Richard C. Oude Voshaar, MD, PhD (3) Raymond T.C.M. Koopmans, MD, PhD (1,2) (1) Radboud University Medical Center, Radboud Institute for Health Sciences, Department of Primary and Community care, Nijmegen, Netherlands (2) De Waalboog, 'Joachim en Anna', Center for Specialized Geriatric Care, Nijmegen, Netherlands (3) University Medical Center Groningen, University Center for Psychiatry and Interdisciplinary Center for Psychopathology of emotion regulation, Groningen, (Netherlands)

P35 • Functional recovery in older patients with a proximal femoral fracture: design of a cohort study

Max P.L. van der Sijpa, Monica van Eijka, Arthur H.P. Niggebruggeb, Karel du Préc, Jacobijn Gusseklooa,e, P. Eline Slagboomd, H. Eka D. Suchimand, Gerard J. Blauwe, Wilco P. Achterberga (1) Department of Public Health and Primary Care / LUMC-Campus The Hague, Leiden University Medical Center, Leiden, the Netherlands (2) Department of Surgery, Haaglanden Medical Center, the Hague, the Netherlands (3) Department of Orthopaedics, Haaglanden Medical Center, P.O. Box 432, 2501 CK, the Hague, the Netherlands d(4)Section of Molecular Epidemiology, Department of Biomedical Data Sciences, Leiden University Medical Center, Leiden, the Netherlands (5) Department of Internal Medicine, Leiden University Medical Center / Haaglanden Medical Center, Leiden, (the Netherlands)

P36 • Train the trainer in TIME. A process evaluation of the dissemination of an evidence-based intervention to reduce neuropsychiatric symptoms in nursing home residents

Anette Væringstad, *Bjørn Lichtwarck, The Research Centre for Age-related Functional Decline and Disease, Innlandet Hospital Trust, Ottestad, (Norway)*

P37 • Social Network Analysis to unpack and design quality improvement and innovation implementation in care homes – an outline of methods and examples from the UK STARQ (Staffing Related Quality) Study

Carl Thompson, PhD, RN, *Professor of Applied Health Research and Dame Kathleen Raven Chair in Clinical Nursing Research, Faculty of Medicine and Health, University of Leeds, Leeds, UK, Cornell Jackson, PhD (2); Kirsty Haunch, PhD (2); Anna Cronin de Chavez, PhD (2); Karen Spilsbury (2) – (2) School of Healthcare, University of Leeds, Leeds, (UK)*

P38 • Sensory Stimulation for Nursing Home Residents: Systematic Review and Meta-Analysis of its Effects on Sleep Quality and Rest-Activity Rhythm in Dementia

Angela J. Prins, MSc (1), Erik J. A. Scherder, PhD (2), Annemieke van Straten, PhD (3), Yvonne Zwaagstra, MSc (1), Maarten V. Milders, PhD (2) (1) Atlant (elderly care), Beekbergen, The Netherlands. (2) Department of Clinical Neuropsychology, VU University Amsterdam, the Netherlands. (3) Department of Clinical Psychology, VU University Amsterdam, (The Netherlands)

P39 • Challenges Points for Foreign Care Worker Acceptance Policy in Japan

Hisayuki Shimoyama, *Atsushi Ushida; DOHO University, Nagoya-city (Japan)*

P40 • Improved Outcomes with the Application of High-Intensity Rehabilitation in a Skilled Nursing Facility: A Pragmatic Pilot Study

Jennifer E. Stevens-Lapsley, PT, PhD (4,1) Allison M. Gustavson, PT, DPT, PhD (1,2); Daniel J. Malone, PT, PhD, CCS (1); Katherine J. Seidler, PT, DPT, MSCI (1); Rebecca S. Boxer, MD, MS (4,3); Jeri E. Forster, PhD (5,6,7) (1)Physical Therapy Program, Department of Physical Medicine and Rehabilitation, University of Colorado, Aurora, CO (2) Center for Care Delivery and Outcomes Research, Department of Veterans Affairs, Minneapolis, MN (3) Division of Geriatric Medicine, Department of Medicine, University of Colorado, Aurora, CO (4) Eastern Colorado Geriatric Research Education and Clinical Center, Aurora, CO (5) Rocky Mountain Regional Veterans Affairs Medical Center, Rocky Mountain Mental Illness Research, Education and Clinical Center, Aurora, CO (6) Department of Physical Medicine and Rehabilitation, University of Colorado, Aurora, CO (7) Department of Biostatistics and Informatics, Colorado School of Public Health, Aurora, CO (USA)

P41 • Palliative Care in Dutch Green Care Farms and Innovative Small-Scale Facilities: A Scoping Review Study

Brittany DeGraves, BScN, *Translating Research in Elder Care, Faculty of Nursing, University of Alberta, Edmonton, Canada Hilde Verbeek, PhD (2), Carole Estabrooks, OC, RN, FCAHS, FAAN, PhD3, Judith Meijers, RN, PhD (2)- (2) Living Lab of Ageing and Long-Term Care, Department of Health Services Research, Maastricht University, Maastricht, Netherlands- (3) Translating Research in Elder Care, Faculty of Nursing, University of Alberta, Edmonton, (Canada)*

P42 • Patient characteristics that influence survival and the ability to live at home one year after hospitalization and post-acute short-term nursing home care: a prospective observational cohort study

Jenny Foss Abrahamsen, MD, PhD, (1,2), Marielle Fredbo, MD, (1), Froydis Bruvik, associate professor (3), Kjell Kruger, MD, associate professor (1,3), Anette Hylen Ranhoff, MD, professor (4) (1)Department of Nursing Home Medicine, Municipality of Bergen, Norway (2) Kavli Research Centre for Geriatrics and Dementia, Haralds plass Deaconess Hospital, Bergen, Norway (3)Department of Public Health and Primary Health Care, University of Bergen, Norway, (4)Department of Clinical Science, University of Bergen, Norway

P43 • "Übergabe - der Podcast" – Designing the theory-practice-transfer digitally

Christian Köbke, RN, MSc; University of Bielefeld, Mike Rommerskirch, RN, BSc, cand. MSc, German Center for Neurodegenerative Diseases, University of Witten/Herdecke; Franziska Anushi Jagoda, RN, MSc, University of Witten/Herdecke; Eva-Maria Gruber, RN, MSc, University of Applied Sciences Osnabrück; Alexander Hochmuth, RN, MSc, Hospital Herford (Germany)

P44 • What value is created by starting Learning Communities for nurses? A qualitative descriptive case study

Wendy Heemskerck, Med (1), Christian Wallner, PhD (2,3) (1) Haga Teaching Hospital, the Hague, the Netherlands (2) University of Applied Sciences Leiden, Faculty of Health, Leiden, the Netherlands (3) Marente, Nursing home and home care organization, Voorhout, (the Netherlands)

P45 • Mapping of preferences for everyday living in the nursing record – an explorative document and file analysis

Mike Rommerskirch, RN; BSc, can. MSc; German Center for Neurodegenerative Diseases, University of Witten/Herdecke, Witten, Germany, Tobias Ingo Stacke, MSc; Johannes Bergmann, MScN; Daniel Purwins, RN, MA; Christina Manietta, RN, MSc; Rebecca Palm, RN, PhD, Prof.; Martina Roes, RN, PhD, Prof.; German Center for Neurodegenerative Diseases, University of Witten/Herdecke, Witten, (Germany)

P46 • Making patient outcomes transparent in geriatric rehabilitation: properties of the Canadian Occupation Performance Measure (COPM)

M.W.M. de Waal, A.J. Doornebosch, M.A.A. Caljouw(1), W.P. Achterberg - Leiden University Medical Center, Department of Public Health and Primary Care, Leiden, (The Netherlands)

P47 • Experiences with the Liverpool Care Pathway for the dying patient in nursing home residents with and without dementia: a mixed method study to assess physicians' and nurse practitioners' perceptions

Maartje S. Klapwijk, MD (1,2), Natashe Lemos Dekker MA (1), MSc, Monique A.A. Caljouw PhD (1), Wilco P. Achterberg MD, PhD (1), Jenny T. van der Steen PhD (1) (1) Department of Public Health and Primary Care, Leiden University Medical Center, the Netherlands (2) Marente, Leiden, (the Netherlands)

P48 • Measuring the Quality of Care in Nursing Home Residents with Early-onset Neurodegenerative Diseases: A scoping review

Joyce C.F. Heffels, MSc (1,2); Irma H.J. Everink, PhD (1); Mayke Oosterloo, MD (3); Raymund A.C. Roos, MD, PhD (4); Jos M.G.A. Schols, MD, PhD (1,5) (1) Department of Health Services Research and Care and Public Health Research Institute (CAPHRI), Maastricht University, Maastricht, The Netherlands (2) Huntington Disease Center Land van Horne, Weert, The Netherlands (3) Department of Neurology, Maastricht University Medical Center, Maastricht, The Netherlands (4) Department of Neurology, Leiden University Medical Center, Leiden, The Netherlands (5) Department of Family Medicine and Care and Public Health Research Institute (CAPHRI), Maastricht University, Maastricht, (The Netherlands)

P49 • Delegation of Nursing Activities in Long-term Care Facilities in South Korea

S Kim, S Kim Ph.D student, Kyungpook National University, College of Nursing, Daegu (South Korea)

P50 • Conducting a randomised controlled trial of probiotics in care homes: a qualitative evaluation

Helen Stanton, BSc (1), Victoria Shepherd, PhD (1), Eleri Owen-Jones, PhD (1), Christopher C Butler, FMedSci (2) (1) Centre for Trials Research, Cardiff University, Cardiff, (UK) (2) Nuffield Department of Primary Care Health Sciences, University of Oxford, Oxford, (UK)

P51 • Antibiotic prescribing and Non-prescribing in Nursing home residents with signs and symptoms Ascribed to urinary tract infection (ANNA): a cluster randomized controlled trial

Jeanine J.S. Rutten, MD, MSc (1), PhD (1), Laura W. van Buul, PhD (1), Martin Smalbrugge, MD, Suzanne E. Geerlings, MD, PhD (2), Debby. L. Gerritsen, PhD (3), Stephanie Natsch, PhD (4), Philip. D. Sloane, MD MPH (5), Hans (J.) C. van der Wouden, PhD (1), Cees M.P.M. Hertogh, MD PhD (1) (Netherlands)

P52 • Blood pressure, antihypertensive medication and neuropsychiatric symptoms in older persons with dementia: the COSMOS study

Bianca E.M. de Jong-Schmit, MD, PhD (1), Rosalinde K.E. Poortvliet (1), S. Böhringer (2), J.M.K. Bogaerts (1), W.P. Achterberg (1), B.S. Husebo (3) - (1) Department of Public Health and Primary Care, Leiden University Medical Center, Leiden, The Netherlands (2) Department of Medical Statistics and Bioinformatics, Leiden University Medical Center, Leiden, The Netherlands - (3) Department of Global Public Health and Primary Care, Centre for Elderly and Nursing Home Medicine, University of Bergen, (Norway)

P53 • Mental disorders in formal carers working in care homes of Botucatu, Brazil

Alessandro Ferrari Jacinto, MD, PhD (1), Paula Schmidt Azevedo Gaiolla, MD, PhD (2) Evelise Saia Rodolpho, MSc (2) (1) Federal University of São Paulo (UNIFESP), Brazil (2) São Paulo State University (UNESP), (Brazil)

P54 • Challenging rehabilitation environment: patients, caregivers and professionals' opinions. A qualitative study

Lian M.J. Tijssen, MSc.(1,3) Els W.C. Derksen, PhD (4), Bianca I. Buijck(2,3), PhD, Prof.Dr. Wilco P. Achterberg (1) (1) Leiden University Medical Centre, department Public health and Primary Care, Leiden, The Netherlands. (2) Oktober, Bladel, The Netherlands. (3) De Zorgboog, Bakel, The Netherlands. (4) Radboud University Medical Centre, department Primary and Community Care, Nijmegen, (The Netherlands)

P55 • Evaluation of an e-learning aiming to improve person-centered attitude in healthcare professionals working with people with dementia

M Prins, Claudia van der Velden, Bernadette Willemse, Henriëtte van der Roest, Trimbos-institute, (The Netherlands)

P56 • Use of medications is strongly associated with worse self-perceived health in Brazilian institutionalized older people

Alessandro Ferrari Jacinto, MD PhD (1) Fernanda Nascimento Costa Msc (2) (1) Federal University of São Paulo (UNIFESP), Medical School (2) São Paulo State University (UNESP), Medical School (Brazil)

P57 • The experiences of nursing home staff in England when decision making in the event of 'unexpected' deterioration of a resident with advanced dementia using Grounded Theory

Zena Aldridge, PhD student¹, Admiral Nurse Research Fellow De Montfort University, The Gateway, Leicester Dementia UK, 7th Floor, One Aldgate, London. Kay de Vries, Professor of Older People's Health Jayne Brown, Professor of Palliative Care School of Nursing and Midwifery, Faculty of Health & Life Sciences, De Montfort University, The Gateway, Leicester (UK)

P58 • Change in care location of older adults who resided in group homes in Japan: an observational study using long-term care insurance comprehensive database

Miharu Nakanishi, Tokyo Metropolitan Institute of Medical Science (Japan)

P59 • Incontinence in the male older population: a cross-sectional multisite prevalence study

Manuela Hödl, Institute of Nursing Science, Medical University of Graz (Austria)

P60 • BMI, malnutrition risk and nutritional interventions in nursing home residents 65 years or older: a secondary data analysis

Manuela Hödl, Institute of Nursing Science, Medical University of Graz (Austria)

P61 • GER-e-TEC: Telemonitoring project for elderly residents in nursing homes

A.A. Zulfiqar, IDepartment of Internal Médecine-Geriatrics, Strasbourg, France (1) ; A. Hajjam, UTBM, Belfort-Montbéliard, France (2) ; B. Gény Department of Physiology, Strasbourg, France (3) ; S. Talha, Department of Cardiology, Strasbourg, France (4) ; M. Hajjam, PREDIMED, Mulhouse, France (5) ; J. Hajjam, CENTICH, Angers, France (6) ; S. Ervé, CENTICH, Angers, France (7) ; Q. Courbon, PREDIMED, Mulhouse, France (8); Lorenzo-Villalba N, , Department of Internal Médecine-Geriatrics, Strasbourg, France; E. Andrès, Department of Internal Médecine-Geriatrics, Strasbourg, (France)

P62 • Roles, attraction and retention of registered nurses in nursing homes: a qualitative, descriptive study

Ramona Backhaus, PhD (1) Inge Jochem (2), Helga HJ Reijnders-Paffen, RN (3), Judith MM Meijers, PhD (4) (1) Department of Health Services Research, Care and Public Health Research Institute (CAPHRI), Maastricht University, Maastricht, the Netherlands (2) Zuyderland Care, Zuyderland Medical Center, Sittard-Geleen, the Netherlands (3) Zuyderland Care, Zuyderland Medical Center, Sittard-Geleen, the Netherlands (4) Department of Health Services Research, Care and Public Health Research Institute (CAPHRI), Maastricht University, Maastricht, the Netherlands; Zuyderland Care, Zuyderland Medical Center, Sittard-Geleen, (the Netherlands)

P63 • The impact of pain on the course of ADL functioning in patients with dementia

Annelore van Dalen-Kok, MD (1, 2), Marjoleine Pieper, PhD(1), Margot de Waal, PhD (1) Jenny van der Steen, PhD (1) , Erik Scherder, PhD (3), Wilco Achterberg, MD, PhD (1) - (1) Department of Public Health and Primary Care, Leiden University Medical Center, Leiden, The Netherlands - (2) Stichting Florence, Nursing home Mariahoeve, Hofzichtlaan The Hague, The Netherlands - (3) Department of Clinical Neuropsychology, VU University Medical Center Amsterdam, Amsterdam, (The Netherlands)

P64 • Increased hand hygiene compliance in nursing homes after a multimodal intervention; a multi-arm cluster randomized controlled trial (HANDSOME)

Gwen Teesing, MA, MSc(1,2), Vicki Erasmus, PhD (1), Daan Nieboer, MSc (1), Mariska Petrignani, MD (3), Marion Koopmans, PhD, MD (4), Margreet Vos, PhD (5), Nettie Verduijn-Leenman, MD (6) (retired), Jos Schols, PhD, MD (7), Jan Hendrik Richardus, PhD, MD (1,2) Héléne Voeten, PhD (1,2) (1) Department of Public Health, Erasmus MC, University Medical Center Rotterdam, Rotterdam, The Netherlands (2) Municipal Public Health Service Rotterdam-Rijnmond, Rotterdam, The Netherlands (3) Municipal Public Health Service Amsterdam, Amsterdam, The Netherlands. (4) Viroscience department, Erasmus MC, University Medical Center Rotterdam, Rotterdam, The Netherlands. (5) Department of Medical Microbiology and Infectious Diseases, Erasmus MC, University Medical Center Rotterdam, Rotterdam, The Netherlands. (6) Pieter van Foreest, Delft, The Netherlands. (7) Maastricht University, Maastricht (The Netherlands)

P65 • Psychosis symptoms in nursing homes – results from the COSMOS-study

Torstein F. Habiger, cand.med (1), Wilco P. Achterberg MD, PhD (2), Elisabeth Flo, PhD (1,3), Bettina S. Husebø, MD, PhD (1) - (1) Department of Global Public Health and Primary Care, Centre for Elderly and Nursing Home Medicine, University of Bergen, Bergen, Norway - (2) Department of Public Health and Primary Care, Centre for Elderly and Nursing Home Medicine, Leiden University Medical Centre, Netherlands - (3) Department of Clinical Psychology, Faculty of Psychology, University of Bergen, Bergen, (Norway)

P66 • Using Telemedicine to Increase Advanced Directive Conversations and Elicit Care Preferences for Patients in Rural Skilled Nursing Facility

Fred Amell, MD (1), Nicola Contreras DNP RN CHSE (2), George Routzhan MS (1), Issam El Bizri MD (1), Daniel Stadler MD (1), Brant Oliver PhD MPH (3), John Batsis MD (1), Cathleen Morrow MD (8), Martha Bruce PhD (3) Dartmouth Hitchcock, Department of General Internal Medicine, Geriatric Team, Lebanon, NH, USA Merrimack College, School of Health Sciences, Simulator lab, North Andover, MA Dartmouth Hitchcock, Department of Family and Community Medicine, Lebanon, NH, USA Dartmouth Institute, Lebanon, NH, (USA)
